

Ask God to Give you a Vision for your family and Children.

Show them How much You Care

Charting your family's spiritual course is essential for making a lasting impact on the spiritual lives of your children and generations to follow. The spiritual and moral decay of our society is having a devastating effect on families. Victorious Family, the parenting champion can help turn the tide.

As a "Family Champion", a priority of my life has been reinvesting in the lives of parents worldwide. We have invested in the lives of over 100,000 parents over the past 10 years. I'm inviting you to discover how to show your family how much you care and love them - the way the Father loves you.

Do your Children believe is a one-day workshop that will introduce you to a Family Plan Worksheet - a generational spiritual planning tool that will show parents the "how to" of investing their family's spiritual maturity for eternal impact
